ABOUT

TCM is a program designed to extend the life and value of your combine. Factory trained technicians will inspect and maintain your combine. Our goal is to identify components before they fail saving you valuable downtime, improving machine function and reliability, and extending the service life of those components. Take advantage of additional savings on repairs by receiving **10% off on all parts and labor** for any repairs agreed upon after the inspection.

Benefits: *Added Savings By Reducing Downtime *Lower Repair Cost *In Season Job Priority *Quality Assurance

CUSTOMER TESTIMONIALS

"Fewer breakdowns and with the TCM program, we know it is gone thru correctly." - Schuyland Farms

"The TCM gives me peace of mind that my machine is ready to go and I am able to get a discount on parts and labor on repairs." - Doug Gellerman
